

SUPER DRY BONES

"Son of Man, can these bones live?"

Ezekiel was stumped.

It looked hopeless.

Not only did they live, those bones came to life at his command....
....by the Spirit of God.

To our eyes, the bones of the Body of Christ are super-dry.

Can these bones live?

One thing is for sure: human efforts will never do it.

Our programs, strategies, and clever gimmicks will never do it.

Only God can do it.

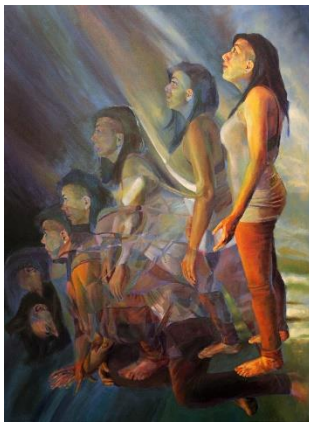

"Prophecy to the bones," is the command of the Lord.

When the bones hear the living Word,

When the Spirit finds a human mouth.

When our hearts are clear of their spiritual clutter and focused on the Lord alone,

The bones will begin to stir with life.

***"It is the Spirit that gives life, the flesh is of no avail.
The words that I have spoken to you---they are Spirit and they are Life." (John 6)***
